36/60 Advisory Team

SUBJECT: Advisory Team Selection

---

Congratulations, you have been selected to participate in our first 36/60 advisory team. As you all know, this initiative is moving very quickly and we are to a point where we need more people to review materials, make presentations, conduct training workshops and play test new ideas with children and coaches.

We have much to do before we get together as a group. You will be the first to receive the new practice plans, and we will also be sending you a copy of the 3-hour training program for coaches and parents working with children age 10 and under.

We will conduct a 2 ½ day training session with our entire team present. This is presently being arranged and we are targeting the second week in November, with exact dates to be determined.

I am very excited about the quality, experience and enthusiasm of this group. You will all be involved in one of the most important projects for young players in the United States soon.

Thank you for applying. We will be in touch frequently as more information is available.
